**ISSUE #3**

## **EMPLOYEE SPOTLIGHT**

**Victoria Williams, Lead Paralegal, Workers' Compensation**

The employee spotlight for the month of March is Vicki Williams.

Vicki Williams currently holds the Lead Paralegal role in our Workers' Comp Division. Over the course of the last 3 plus years, Vicki has been very consistent in assuring us that she is willing to do what it takes to get the job done, and always jumps in when anyone needs a helping hand. This month of all months was a true testament as to her work ethic. Our Workers' Comp director ended up prematurely going into labor with her first child and it was that moment Vicki stepped in and immediately took charge. She knew she would have some obstacles along the way but that didn't stop her. She has been juggling it all, day by day.

As for her clients, well, it goes without saying. Vicki cares for each and every one of them as if they were her family. She regularly receives 5 Star ratings from our surveys and has received countless "Do Goods" along the way. Speaking of family, Vicki is married with 1 daughter, who by the way, absolutely loves BJM Law. We all love it when her daughter comes to visit as she brightens up the day with her cheerful attitude and small acts of kindness. Anything from a note to say hello, or a picture of some sort, she is always doing something to make us smile.

Besides her passion of helping people here at the firm, she has a love for cats. We sometimes call her the cat lady and to be honest, I think most every one of us has sent her a meme on social media about cats. She has even brought her baby Oliver in to work a few times.

I mean, most have heard about bringing a dog to work, but a cat? Yep that is Vicki for you.

One last fun fact about Vicki, she loves her motorcycle. We know she can't wait for warmer weather so she can hop on that bike and take a ride through the county side with her hubby. We know it is going to a good day when we hear Vicki roll in to the parking lot on her bike, that's for sure.

Overall, Vicki is a dedicated part of our BJM team and this Spotlight sums it up. We are lucky she is part of #ourbjmteamisfamily

ISSUE #3

## COVID-19 UPDATE

In an effort to protect our team members, clients and potential clients alike, we have implemented a work from home environment. In-office meetings will be limited to by appointment only. We will continue to follow the guidance from the CDC-Centers for Disease Control and Prevention as well as state and local government bodies, to ensure we are doing our part.

All of our employees have been set up to work remotely and will diligently respond if you call into the office and a message is left for them.

If you would rather communicate by text and already have a dedicated texting line set up, feel free to communicate that way. If you do not have a dedicated text line set up, you can text into 203-633-2386 and you will receive a response accordingly.

If you have paperwork that needs to get to the office you can mail it in, text a picture of the document, email it in, or use our drop box located in the front of the building. All faxes can be directed to 203-755-1835.

As always, we are dedicated to our clients and assure you that you will get the representation you deserve during these unprecedented times.

Thank you for your continued patience. #OurBjmTeamIsFamily #BjmByYourSide

During these unprecedented times we all can't wait to get back to some normalcy. Working from home can make many feel isolated or even overwhelmed from time to time. Trying to juggle work and homelife balance is not an easy task, especially with homeschooling going on.

To try to keep everyone feeling like part of the team, BJM Law held a virtual pizza party on Friday 3/27 for all our team members and then held a video conference to give everyone the opportunity to chat for a few and actually "see" each other. A large cheese Pizza was delivered to each employee's home that was working from home. We hoped that this showed our appreciation and our dedication to making the best of it during this time.

We will continue to do our part as a firm for our employees and our clients alike. We need to stay strong and positive and this too shall pass.

As you scroll through your social media accounts every day, you tend to take in all the negative you see. Try sifting through it and find the good, because I promise, it is out there. People are coming together more than ever...even if it is from a distance.

You just need to see it and be a part of it, however you can.
